

Fundamentals of Insurance

Application for Registration (Five Day Course)

(A pre-licensing course - graduates are exempt from the licensing examination if they become licensed within one year of graduation.)

Program: This program in general insurance will serve as an excellent introduction for the newcomer and a review of the basics for practitioners. Successful completion of this course qualifies for eight (8) Continuing Education Credits.

Starting with the history of insurance, the course will guide the student through definitions, functions, major classes and the organization of insurance. Topics include: insurance contracts, the fire policy, commercial property insurance, residential insurance, and an introduction to liability, automobile, accident and sickness insurance. **All students must be familiar with the text before the first class.**
