IBAM Blood Donor Challenge

The Young Broker Network would like to put out a challenge to all brokerages.

Help become a part of something that money can't buy, the gift of life. Every donation you make helps to save three lives!

By becoming involved with Canadian Blood Services our organization has the potential to save the lives of hundreds of people in our communities. Chances are, you know someone who needs blood or blood products. This may be a premature infant, a young person in an accident, a parent having a heart bypass or a friend undergoing chemotherapy.

Canadian Blood Services can even pick you up at work bring you to donate and deliver you back to work in just over an hour!

If you are interested in helping the YBN and IBAM donate blood please contact Nathan Mehling, YBN committee member at nmehling@sainsurance.net
